## Plenary Session Friday

<b>Köppl, Angela</b> Macro-economic aspects of (highly) efficient building technologies	17
<b>Zimmermann, Mark</b> Environmental Effects of Energy Standards	29
<b>Feist, Wolfgang</b> Let's Get Energy-Efficient	37

## Session 1: Architecture and the Passive House

<b>Rainer, Raimund</b> Passive house secondary school Brixlegg - Tyrol	45
<b>Kogler, Georg</b> > haus am mühlweg	51
<b>Lichtblau, Florian</b> Multifamily House in Wood	57
<b>Reinberg, Georg W.</b> Solar Passive House Children's Day Home in Vienna	63

## Session 2: Modernisation using Passive House Components

<b>Plöderl, Heinz und Gasser, Bernhard</b> "Schwanenstadt Sets an Example"	69
<b>Schulze Darup, Burkhard</b> Project report on Parkwohnanlage Nürnberg Bernadottestraße 42 - 48	75

## Session 3: Passive House Components

<b>Pfluger, Rainer</b> Constructional and technological sound insulation in PH compact appliances	83
<b>Bley, Herbert</b> Development of a gas-based compact appliance	89
<b>Drexel, Christof</b> Economic and energy performance of semi-central concepts	95
<b>Schnieders, Jürgen</b> Comfort standards for passive-house windows	101

## Session 4: Passive Houses in Cold Climates

**Firląg, Szymon**

Certified passive building in Poland 107

**Janson, Ulla**

Experiences from apartment buildings as passive houses in Sweden 113

**Tanner, Stephan; Rühle, Thomas und Dehler, Edwin**

Das BioHaus – the first certified Passivhaus standard building in the U.S. 119

**Dokka, Tor Helge**

Passive House Projects in Norway – an Overview 125

## Session 5: Experience from Construction Practice

**Füßler, Werner**

The Sophienhof: a Passive House Neighbourhood Arises 131

**Vallentin, Gernot**

Ways to Creatively Design Cost-effective Passive Houses 137

**Rongen, Ludwig**

Increasing Satisfaction Among Passive House Residents / Avoiding Construction Mistakes 143

**Heiduk, Ernst**

Experiences with the PH Standard in Architecture Degree Courses 149

## Session 6: Large Passive House Projects

**Hofbauer, Wilhelm und Wolfert, Christian**

Passive House Apartment Complex in Pantucekgasse. Currently Austria's largest Passive House 155

**Matzig, Roland**

Solar Village At the Rose Garden 161

**Brausem, Manfred**

10 years experience in passive house planning: "headaches" 167

**Treberspurg, Martin**

Multiple-unit houses in passive house construction style in Vienna and Lower Austria 173

Session 7: Economic Efficiency, Financing and Marketing

**Franzelin, Andreas**

Marketing for the passive house? Potentials with reference to the experiences with the South Tyrolean "KlimaHaus" 179

**Jordan, Ernst Michael**

The economic efficiency of Passive-Houses 185

Session 8: New Passive Houses and Renovations

**Ham, Michiel**

A Housing Renovation Challenge: 191  
From outdated 1953 to Passive House 2007

**Tommerup, Henrik**

Energy Renovation of a Typical Danish Single-family House 197

**Pifko, Henrich**

Affordable Passive House s for CE Countries 203

**Brannon, Joseph D.**

Success of Passivhaus in Economic Analyses of Military Family Housing 209

---

**Plenary Session Saturday**

<b>Kristinsson, Jon</b>	
Experience with Highly Energy Efficient Building in the Netherlands since 1982	215
<b>Krapmeier, Helmut</b>	
Passive house dissemination in Austria	221
<b>Sambale, Martin und Holzer, Peter</b>	
Passive house designer qualification - which is the right way?	227

**Session 9: Architecture for Passive Houses**

<b>Plöderl, Heinz</b>	
Trade Fair Centre Wels "Passive House Standard" for the Energy Saving Trade Fair	231
<b>Rührnschopf, Martin</b>	
Simultaneously Planned Passive Houses	235
<b>Speigner, Simon</b>	
Samer Mösl Passive House / Salzburg	241
<b>Tribus, Michael</b>	
Remodeling and Renovation of the Former Post Office Building in Bolzano	247

**Session 10: The Building Skin for Passive Houses**

<b>Baumeister, Claus P.</b>	
Building Automation in the Passive House	253
<b>Schulz, Tanja</b>	
Limitations to thermal bridge-free construction	259
<b>Breitenbach, Wolfram</b>	
Quality assurance in the vacuum insulation panel production process	265
<b>Kah, Oliver</b>	
Air change and energetic consequences of door opening processes in a school entry zone	271

Session 11: Service Experience

**Herkel, Sebastian**

Monitoring, Intermediate Results, and Experience Gained from the Vacuum-Insulated Passive House in Voggenthal 277

**Schwerdtfeger, Peter**

Building Technology for Multi-story Construction – Using the Example of Sophienhof 283

**Blümel, Ernst**

Testing the Houses of the Future - Test Results from Sustainable Buildings 289

Session 12: Passive Houses in Hot Climates

**Miščević, Ljubomir**

Passive houses in Croatia - projects and realizations 295

**Klingenberg, Katrin**

Passive House under Construction in California: The Tahan Residence in Berkeley 301

**Stecher, David**

Warm Climate Building Strategies 307

**Masera, Gabriele**

A passive school in Milan: exemplary for temperate climates 313

Session 13: Non-residential Buildings

**Peper, Søren**

PH Primary School Frankfurt am Main Results of Monitoring Activities 319

**Reinberg, Georg W.**

Work quality and life quality in the clay pre-fabricated-component passive houses 325

**Lindemann, Gunter**

The EnerGon Passive House Office Building: Results of 2004-2005 Metrological Study 331

---

**Session 14: Old Buildings redesigned****Christ, Detlef**

Existing Multi-Family Passive House 335

**Felkner, Michael**

Possibilities for Economization in Building Renovation Using Passive House Components 341

**Knecht, Thomas**

Factor-10 Modernisation - Neuschwansteinblick 347

**Session 15: Active Implementation of the Passive House Standard****von Oesen, Matthias und Imkeller-Benjes, Ulrich**

Passive house supply variants 353

**Session 16: Trends and Experiences****Troi, Alexandra**

Overview of Realized Passive Houses in South Tyrol / Italy and Trends 359

**Schmitt, Yan**

Monitoring of a multi family passive house in South Tyrol, Italy 365

**De Coninck, Roel**

Design Of The Self-Supporting Belgian Antarctic Station: A Passive Building Running On Sun And Wind Energy 371

**Faigle, Barbara und Oehler, Stefan**

10 years of Passive House construction 377

**Plenary Session Saturday Evening****Feist, Wolfgang**

Tasks – Challenges – Perspectives 383
